DETAILED ACTION

This non-final Office action is in response to the amendment filed December 29, 2006 by which claims 29 and 30 were added. It is noted that there was no claim 28 filed and thus claims 29 and 30 should have properly been deemed as claims 28 and 29.

This reissue application contains the following informalities:

(a) Child applications, i.e., 11/096,232 and 11/096,233, must be referenced in the specification.

(b) The claims have been broadened. While the assignee signed declaration can serve as a consent, it cannot serve as a proper declaration in a broadened reissue. The declarations filed under 1.132 originally do nothing to alleviate this. *Thus*, the declaration is deemed to be improper absent the filing and granting of a petition filed under 37 CFR 1.47.

(c) Every amendment, i.e., including the specification and claims, is deemed to be improper as not complying with 37 CFR 1.173, e.g., applicant should submit an amendment canceling claims 18-30 and the amended portions of the specification and provide an all encompassing amendment commencing with the next highest claim number and amendments to the specification in compliance with 37 CFR 1.173.

Allowable Subject Matter

Barring the above informalities, claims 1-30 are deemed to be allowable.
